

## Skilled Home Care Agencies Serving Wood County

Skilled Home Care is provided by an agency that is certified by Medicare to provide specific service and **treatment in the client’s home as prescribed by the client’s physician**. Specific guidelines must be met, and the home care agencies will be able to describe their services and limitations. Some of the services considered “Skilled” are: Skilled Nursing Care, Physical Therapy, Speech/Language Therapy and Occupational Therapy. This might include home care aide services on a part-time temporary basis, as well as medical social services and resource referral. *The patient must be homebound requiring considerable and taxing effort to leave the home.*
